

Alpine Software Corporation is pleased to announce added support for LOSAP Award modifications introduced by [NYS Senate Bill S8251b](#).

NYS Senate Bill S8251b was signed into law and provides provisions “to ensure volunteer firefighters and volunteer ambulance workers receive credits toward their length of service award programs during the COVID19 pandemic.”

To support requirements outlined in this bill, Alpine Software has implemented additional setup screens to manage effective date ranges, awarded point values, and personnel point deductions based on join date and status.

Report modifications can also be made to your existing custom LOSAP report to include a **COVID-19 Award** column to easily track and audit awarded point values.

Service Awards Report
From 01/01/2020 to 12/31/2020

Rescue Points	Meeting	Drills	Training Total	Standbys	Misc	Offices	Medical Leaves	COVID-19 Award	Total Points
25	20	20	25	20	15	25	50	18	50
0	0	1	0	1	0	0	0	18	20
0	1	0	1	0	0	0	5	13	20
0	0	0	0	0	0	0	0	18	18
0	1	0	1	0	1	0	0	18	21

If a resolution is adopted by your department to take advantage of NYS Senate Bill S8251B, please contact an Alpine Support Representative to fully enable this feature in your system. These changes require a system update, which is included under standard support and maintenance.
